THE BEST NEWS?

Say goodbye to a cookie cutter approach to provide truly meaningful education. Customize training by role, location and learning style.

COMPLIANCE READY

When the auditor comes in, you need to be ready. With a system that lets you proactively monitor that everything is on track, there's no last-minute scramble to complete training or provide important reports.

KNOW STATUS

pre-defined reports that show assignments, progress and completions

EASY CUSTOMIZATION

easily create new reports or modify existing information

FAST COMMUNICATION

automate running and emailing important reports, with multiple refreshes throughout the day

FLEXIBLE TIMING

run reports when needed

DO IT ALL WITH ONE PORTAL

Let OnCourse Direct take the complication out of organizing your learning program.

Accessibility & Usability - navigation, interface and content are easy to see and hear

Wow Portal - One View, See it All - easy to read and navigate with highlighted key information

Libraries - group required or optional training for employees to browse based on role or career path

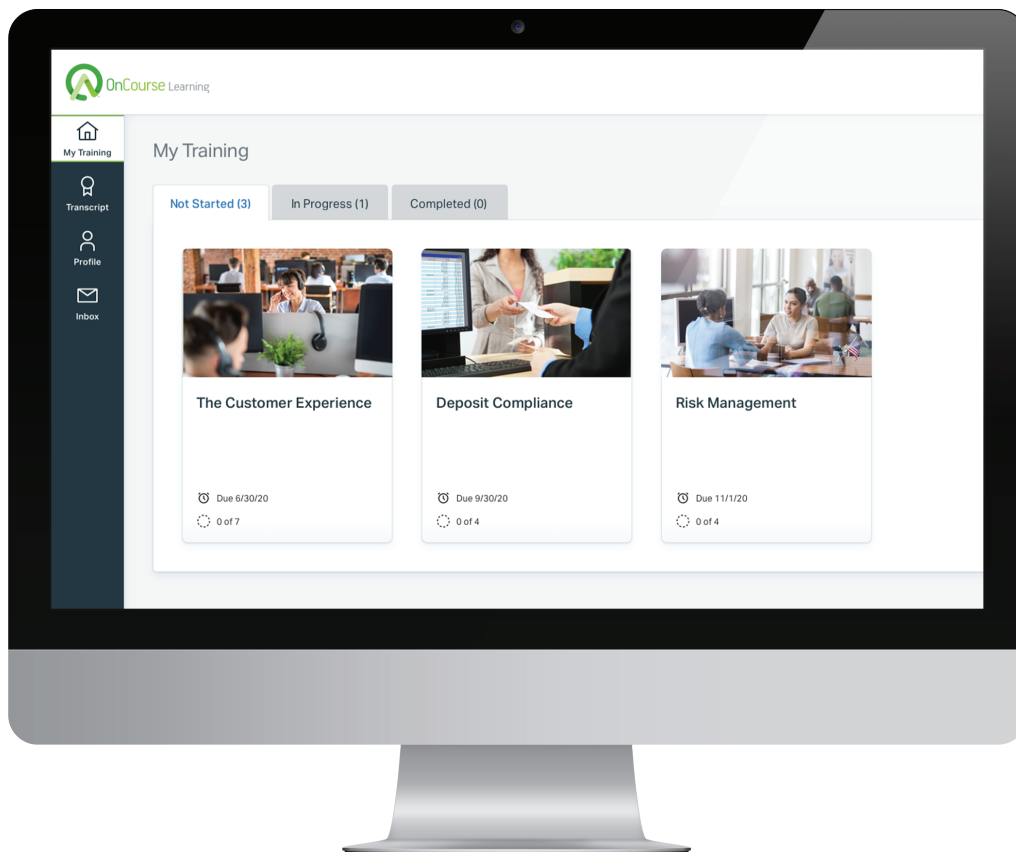

Basic or Sophisticated Tools - choose what works best for your organization to track, report and communicate compliance requirements

High Reliability - little disruption to learning with an average uptime of 99.96%

Same Experience for Admins & Employees - easy to answer questions

Employee Empowerment - self-scheduling tools and calendars reduce administrative time

Automated Communication - pre-scheduled emails provide reminders to keep everyone on track

INSTANTLY ACT ON WHAT YOU NEED

OnCourse Direct was built with busy administrators in mind, providing a fast path to key needs.

- Customize training program images and assign by job roles, assignments or location
- Review curricula to ensure alignment with goals
- Keep students informed with template notifications
- Sort users by job roles to quickly and specifically assign training
- Easily add and manage classroom locations
- Quickly upload student information using the import button
- Export reports into Excel to tailor data
- Access course authoring to create custom training

FROM STUDENTS TO COMPLIANCE
